Mr. Greg Lewis
Conkling & Lewis Construction, Inc.
1241 Okeechobee Road
West Palm Beach, FL 33401

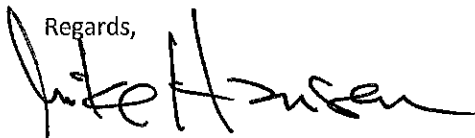

Dear Greg,

I am pleased for the opportunity to provide a letter of recommendation for Conkling & Lewis Construction. Due to our years of experience as a Conkling & Lewis customer, I feel confident in expressing our high level satisfaction in the firm's collaborative planning, quality execution and value brought to every encounter. From company management right on through the on-site trades deployed on our projects, we have never been disappointed with the professional demeanor of the staff and quality of the results achieved.

Our projects have run the range from large administrative office space build outs, to healthcare facilities and to smaller projects involving upgrades and refurbishments to existing spaces. In each case, large or small, Conkling & Lewis has earned its reputation as a trusted and valued partner. Please feel free to share this recommendation with your team and to extend us as a reference where appropriate.

Thank you for the part you have played in helping Vitas succeed in its mission to provide quality hospice services to the communities we serve.

Regards,

Michael M. Hansen
